GENERAL STATEMENT AND OBJECTIONS

Rose’s responses are subject to the General Objections set forth below, each of which is incorporated by reference into the responses to each Request. These limitations and objections form a part of the response to each and every Request for documents and are set forth herein to avoid the duplication and repetition of restating them for each response. Although these General Objections may be specifically referred to in a response to certain Requests for the purpose of clarity, the failure to specifically incorporate a general objection should not be construed as a waiver of same. In addition, the production of information encompassed within Rose’s General Objections shall not be deemed a waiver of these objections.

1. Rose objects to those portions of each Request which purport to impose upon Rose a burden of production beyond that required by the Federal Rules of Civil Procedure (“FRCP”).
2. Rose objects to each Request to the extent it seeks information or documents not in her possession, custody, or control.
